- Versatile printing**
- Speedy transactions**

POS88 IV Thermal Printer

Fast and smooth

Issue receipts fast and smooth thanks to a printing speed of 250 mm/second. (Max.)

Easy paper handling

Paper loading is easy and trouble free. When you run out of paper, simply drop in a new roll. And an auto cutter is included for clean receipt cutting.

Easy maintenance and high reliability

With an MCBF of 100km, the POS88IV boasts outstanding durability. This, combined with an easy-to-clean head and almost trouble-free maintenance, helps reduce maintenance costs.

Appearance

Versatile printing

Page mode provides extra layout freedom. Smooth and scalable characters (enlargeable up to 64 times), landscaping and black-white reversal give coupons extra impact and improve the image of your establishment. Bar codes can be printed both vertically (ladder bar code) and horizontally (fence bar code).
